# MEET CARLA

## biography

---

Carla Cuglietta is a Canadian born educator, consultant, humanitarian and keynote speaker. She has been involved in global projects in Mexico, El Salvador, Costa Rica, China, Laos, India, Sierra Leone and Uganda.

Carla has been a classroom teacher on three continents, having been involved in numerous educational environments aimed at improving student engagement and learning.

In 2015, Carla co-founded YoungLeaders.World, an international non-profit organization with the aim of engaging young people for personal growth and collective good. Since then, she has facilitated training for 10,000+ youth around the world in leadership and service.

She has won numerous awards for her work in youth engagement and education, including: the Prime Ministers Certificate of Achievement, the University of Alberta Alumni of Distinction award, the Me to We Outstanding Educator award, the Lions Club International Melvin Jones Humanitarian Award, and the YWCA Woman of Distinction Award.

# PRESENTATION DESCRIPTIONS

## personal leadership and youth engagement

steps to understand the importance of taking a leading role in where your life goes

Student centered presentation that looks at the keys to personal leadership and engagement for young people and the power of setting a vision and direction in their life. This presentation will weave stories from around the world together with important life leadership lessons for youth. Students will leave with a clear idea of the importance of personal leadership and collective good and tools to move forward.

## youth engagement and the future of education

engaging youth through education is the way forward for improved performance and fulfilment.

Adult focused presentation that describes critical differences in the next gen approach to life that are important in helping us to understand and shift our approach to their education. Discussion around power of youth engagement in education and it's improved performance. Examples on flipped, project based, self-directed and traditional classroom models will be discussed providing educators with new ideas on how to best engage their students moving forward.

## leading change

leadership is a mindset, not a status

Over the last 18 years, Carla has traveled around the world to learn from extraordinary change makers. Ordinary people who knew that leadership was a mindset not a status, and as a result were able to create incredible change for themselves and their community. Emotional and inspirational stories from of how people used the idea of personal growth and collective good to change the world.
